## NAU MAI, HAERE MAI – WELCOME TO TRANSPORT WORLD

One man's passion started it all.

Businessman Bill Richardson loved trucks: so much so, he made them both his life's work and his hobby.

Southern tourism hub Transport World began after Bill's daughter, Joc O'Donnell, decided to open his private collection to the

public in late 2015. Transport World has expanded to include multiple visitor attractions, accommodation, and an events and incentives business.

We're proud to have a gold Qualmark rating for each of our visitor products.
